Specific complaints of alleged discrimination under the Title 9 should be referred to the; Regional Office for Civil Rights, 324 East 11th Street, Kansas City, Missouri 64106. Any Cheney USD 268 patron who is 65 or older and resides within the school district is eligible to receive a complimentary pass to district-sponsored activities where admission is charged. Out-of-District grandparents at least 65 years of age are also eligible for senior citizen passes when their grandchild is participating in any type of co-curricular activity. Contact the Cheney High School office to receive a complimentary senior citizen pass.

Required School Immunizations

As a condition of attendance, a state law requires all students enrolled in a Kansas school to present evidence of compliance with the Kansas School Immunization Law. Immunizations required for school entry include diphtheria, pertussis (whooping cough), tetanus, poliomyelitis, mumps, rubella (German measles), measles (rubeola), Hepatitis B, and Vericella (chickenpox). Noncompliance with this law will result in the student being excluded from school.

The following changes have been made to immunization requirements by the Kansas Department of Health and Environment for the 2009-2010 school year, in accordance with Kansas Immunization Law K.A.R. 28-1-20:

- Booster dose of **Tdap** required at age 11.
- **Hepatitis B**: three doses required grades K-9.*
- **Varicella (chickenpox)**: two doses required for Kindergarten; one dose required grades 1-9* unless history of varicella disease documented by a licensed physician.
- **Pneumococcal conjugate (PCV7)**: four doses required for children less than 5 yrs of age in preschool operated by a school.
- **Hepatitis A**: two doses required for children less than 5 yrs of age in preschool operated by a school.

* All students will be required to have 3 doses of **Hepatitis B** and 2 doses of **varicella** for the 2010-2011 school year. Please remember to get a copy of any immunization(s) received to the nurse's office to keep in the student's health folder as required by state law.

As an Alternative to the inoculation certification, a student must provide the school with the following information:

- Certification from a licensed physician stating the physical condition of the student is such that the tests or inoculations would seriously endanger the life of the child.
- A written statement signed by one parent or guardian that the child is an adherent of a religious denomination whose teachings are opposed to such inoculations; or
- A written statement signed by a parent or guardian that such inoculations are in process of being received and will be completed within 90 days after admission to school.

Student Physical Examinations

The KSHSAA requires that a physical examination form, signed by a physician and parent, be on file with the school district before a student may practice or participate in any type of interscholastic sport or cheerleading. These forms are available at the CHS and CMS school offices, and the District Office. As a reminder, the school district does not pay for physical examinations required for participation in athletics and cheerleading. Physical examinations are not required for regular physical education courses. Also, it is the responsibility of the parents

to inform the school of any physical education limitations due to the medical conditions.

Required Health Assessments

A state law requires a child health assessment for all children ages eight and under, including preschoolers who are enrolling for the first time in any Kansas school. This health assessment may be completed up to 12 months prior to school entry or within 90 days after school entry. Noncompliance may result in exclusion from school.

Annual Asbestos Notification

Cheney USD 268 wants district patrons to understand that the district is in compliance with federal asbestos management regulations. It is important to note that all friable asbestos materials must be removed from schools. Once such material has been identified, a program can be implemented to ensure that the material is maintained in good condition, with appropriate procedures followed should any asbestos material be disturbed for any reason. The district has implemented a plan to inform and train staff members how to maintain remaining asbestos. This management plan is on file at all school offices. Questions concerning Cheney USD 268's asbestos management plan should be directed to the District Office at 316-542-3512. Persons desiring additional information may call the Environment Protection Agency at Region 7 EPA, 726 Minnesota, Kansas City, KS 66101, 913-236-2835.

Parents Right to Know Provision of ESEA of 2002

The Elementary and Secondary Act of 2002 (ESEA or “No Child Left Behind”) requires schools to annually notify parents of their right to request information on the professional qualifications of their child’s teachers and paraprofessionals. The ESEA goal is for every child to have “highly qualified” teachers. Highly qualified teachers in Kansas are those individuals who have obtained college degrees and full Kansas certification as a teacher in the area the individual is teaching. Teachers have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis when they are highly qualified.

A parent who wishes to know the qualifications of his/her child’s teacher or paraprofessional may request this information from the building principal.

From The Superintendent, Thomas J. Alstrom

The school year is upon us again. The only difference is that we will be starting a little bit later this year than we normally have. We reduced the school year by a week this year in order to reduce some of the time we are in the buildings during the hottest days of the year.

This past year was a year to remember in many ways. We had a very successful academic and athletic school year. We continued to excel in the classroom meeting our goals of Standard of Excellence in several areas within the district, and followed that up with three teams and several individuals attending State athletic competitions. The down side to all of the positives was the turn in the economy. We went through a year like no other in the respect of making adjustments mid year to accommodate the changes from the State Department and the Legislature. This coming year does not look to be any better in that respect but at least we have fair warning that we are going to be dealing with some extraordinary times in the realm of education.

Even with all of this in the back of our minds, we are still going to be focused on the education of the students and the future of the district. We are continuing to look at future needs of the district,

and we are changing our internal structure to be able to provide the same quality education with a little less than we have had in the past. As we venture into the new year I would like to thank you for your past support of our schools and encourage you to be an active part in the future of our school system as we address some of the issues in front of us.

I want to leave you with a quote that I heard this past year as we struggled with all of the financial issues within the State. The quote, “Challenging situations make us bitter or better”. It is our goal to always look at the positive side and strive to be better at what we do for you and the students.

Income from Self Employment: Self-employed persons may use income tax records for the preceding calendar year as a base to project the current year's net income, unless the current monthly income provides a more accurate measure. Report income derived from the business venture less operating costs incurred in the generation of that income. Deductions for personal expenses such as interest on home payments, medical expenses, and other similar non-business deductions are not allowed in reducing gross business income. Additional income from other kinds of employment must be treated as separate and apart from the income generated or lost from your business venture. For example, if you operated a business at a net loss, but held additional employment for which a salary was received, the income for purposes of applying for reduced price or free meals would be the income from the salary only. The loss from the business cannot be deducted from a positive income earned in other employment. For purposes of this application, it is not possible to report a negative income from any business venture. The least income possible is zero (no income). The necessary information for arriving at allowable income from private business operation may be taken from your most recent U.S. Individual Income Tax Return - Form 1040. Add together the amounts reported on the following lines:

 LINE 13 \$ _____ Capital Gain or (Loss)

Privacy Act Statement: This explains how we will use the information you give us. The Richard B. Russell National School Lunch Act requires the information on this application. You do not have to give the information, but if you do not, we cannot approve your child for reduced price or free meals. The Social Security number is not required when you apply on behalf of a foster child or you list a Food Assistance/Food Stamp Program, Temporary Assistance for Families (TAF) Program or Food Distribution Program on Indian Reservations (FDPIR) case number or other FDPIR identifier for your child or when you indicate that the adult household member signing the application does not have a Social Security number. We will use your information to determine if your child is eligible for reduced price or free meals, and for administration and enforcement of the lunch and breakfast programs. We MAY share your eligibility information with education, health, and nutrition programs to help them evaluate, fund, or determine benefits for their programs, auditors for program reviews, and law enforcement officials to help them look into violations of program rules.
